They are followed by Emil Subers, a blackface monologist and singer, who, in turn, is followed by Walsh, who, in turn, is followed by Walsh, Lynch and company, in a sketch, "Along the Erie," which is unfolded with a vast deal of nasal dialogue. Hudler, Stein and Phillips, three young men, offer a pleasing song act, which was unanimously accepted by the audience last night. Then comes Eva—not Grace—La Rue, with another young woman and six chorus girls. These last change their costumes a number of times, dance with what may be described as energy, anyhow, and it be described as energy, anyhow, and it is thought that they sang once. But one sitting away back in the second box from the stage couldn't be quite sure whether the girls were singing or somebody had jammed his brake on hard outside.

hard outside. The Selig-Tribune pictures are al-ways interesting; last night they were remarkable, in that they didn't show a single suffrage parade, a flower car-nival in California, or a Mayor unveiling something.

[Special to The Times-Dispatch.] NORFOLK, VA., July 31.-Five meet to-night by three of the four candidates for Congress from the ond Congressional District ended the congressional primary campaign. E. E. Holland, the incumbent: Harry L. Mayort ard, a former Congressman; J. Peter Holland and J. Edward Cole are the candidates.

candidates.

The race apparently is between the two Hollands, and will not be a walk-over for either. Congressman Holland is strong in the upper counties. Peter Holland has a large following in Southampton and Isle of Wight, and is strong in Norfolk and Portsmooth. is strong in Norfolk and Portsmouth.

A feature of the campaign as far as the city of Norfolk is concerned is the division among the leaders. For the first time in many years there is no clear-cut division between the organization and antiorganization forces All four candidates can claim support from some of the leaders of both factions, although the two Hollands have the majority.

Richmond Swelters Through Disagreeable Night With Little Breeze to Bring Relief.

Full effect of the Bermudian highpressure area, which for the past fev days has been sweeping up currents of hot, water-laden air, was felt in Rich-mond yesterday and last night. While temperature during the day, and after nightfall were only moderately high, the humidity, which registered 88 per cent last night at 8 o'clock, was keenly apparent and caused acute distress. A southern breeze of barely four miles an hour did practically nothing to af-

an hour did practically nothing to afford any relief.

The forecast for to-day promises some break in the heat wave in the form of thundershowers, while lower temperatures are forecast for to-morrow.

If you feel bilious, headachy, constiguted and all knocked out, just go to your druggist and get a 50-cent bottle of Dodson's Liver Tone, which is a harmless vegetable substitute for dangerous calonel. Takes a second of the crashes into M.

Despite the fact that the skies were overcast and only at intervals did the sun send down its blazing rays, the day was voted the most disagreeable by was voted the most disagreeable you sick, you just go back and get your money.

But on the whole, the United States

If you take calomel to-day you'll be summer months.

But on the whole, the United States

Weather Buréau says, this vicinity has no cause to complain. While the cen-tral portions of the country have had the hottest period since 1901, the At-lantic scaboard has hardly been touched by real summer weather.

Normal temperature for yesterday was 79 degrees, while the mean averwas 79 degrees, while the mean average for the day here was 77, showing a deficiency of 2 degrees. The minimum registered by the mercury in Chimborazo Park was 67, in the early morning, while yesterday afternoon it had advanced exactly 29 points,

A comparison of thermometer-read-ings with other Southern and Eastern cities will show Richmond to be among the coolest, but, as the guide in Capitol Square remarked, "It ain't the heat it's the humidity you feel."
